

EUROPEAN CLIMATE PACT

THE EUROPEAN CLIMATE PACT: BUILDING A CLEAN, RESILIENT FUTURE

As a collective force for change, the European Climate Pact unites individuals and organisations with a common mission: forging a clean, modern and resilient Europe. In 2025, our growing community turned commitment into action, driving collaboration and delivering tangible results.

Explore our achievements

1

A growing grassroots movement

The European Climate Pact is powered by a vibrant network of volunteers committed to local action, supported by the EU:

1,014
Ambassadors

Supported by **27**
Country Coordinators
across all EU Member
States

45
Partner
organisations

& 472
Friends
of the Pact

90 community gatherings to bring people together for more climate action

9 workshops and webinars to help break down EU climate policy

2

Acting on the ground across Europe

357 events with over **23,439** participants

222 satellite events organised by individuals and organisations

1 photo competition exhibition at the heart of Brussels' EU quarter

1 annual flagship event in Brussels co-designed by community members

6 Pact Going Local Talks during the #EURegionsWeek

10 community-led actions in 10 countries honouring victims of climate crises and advocating for passionate climate action

3

Making climate policy accessible to all

The EU Climate Action Academy (EUCAA) became a leading knowledge hub on climate change and EU policy

5 self-learning courses available to all, completed by 600 people

8 free online webinars engaging 1,732 participants

197 climate action resources available in the knowledge hub

6 user-friendly tools for citizen engagement

4

Empowering youth

- 30% of Ambassadors under 30
- 4 dedicated Partner organisations fostering youth involvement in climate action
- 42 resources focused on youth engagement available on our website
- COP30 Youth Policy Dialogue with EU Commissioner Wopke Hoekstra
- 2 youth leadership in climate action webinars on EUCAA
- Workshop at the European Youth Event (EYE) in Strasbourg, France

5

Keeping climate action at the forefront

Our platform is a powerhouse of resources and engagement, ensuring climate action remains relentless and impactful:

1 interactive map showcasing inspiring climate actions across Europe

20,473 climate actions logged by 2,000 people in the Climate Pact Team challenge on UN ActNow app

6 easy-to-implement tools for citizen engagement in climate action

Over 17 million people reached on social media using #EUClimatePact

Over 11,000 newsletter subscribers

Over 500 media mentions

6

Teaming up for bigger impact

Strategic alliances with Committee of the Regions, Covenant of Mayors, Adaptation Mission, Cities Mission, Education for Climate Coalition, New European Bauhaus

High visibility at major EU events including the European Youth Event, European Sustainable Energy Week, and the European Covenant of Mayors Ceremony

Close partnerships with European Commission services, Representations, and Europe Direct Centres

The Pact in action

80+ joint climate actions, merging efforts of Partners and Ambassadors, ranging from Climate Fresk workshops to local initiatives.

Greece's first **"talking bus"** promoting climate messages, triggered national discussion post vast media coverage.

"Hitch for Change" activated hundreds for sustainable travel and clean-ups across 12 European countries.

Young voices sculpted Romania's pioneering **Youth Climate Action Plan**, facilitated by the Climate Pact.

A Climate Pact partner cycled 1,600 km in the **Glorious Glacier Ride**, raising glacier loss awareness and uniting scientists, activists, and citizens.

8,000 Dutch citizens took the **Climate Exam**, confronting climate change causes, effects, and solutions.

My world. My action. Our planet.
