

EMPOWERING A CLIMATE-RESILIENT EUROPE

The European Climate Pact brings people and organisations together for one shared goal: climate action. As part of the European Green Deal, it's powering the EU's journey to climate neutrality by 2050. Here's what we achieved in 2024!

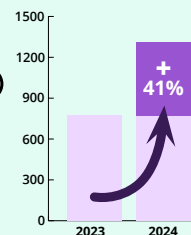

1 Building a climate movement

811 active Ambassadors from all EU Member States

52 Partner organisations committed to climate action

1,312 applications received in the 2024 call

417 applications received in the 2024 call

2 Raising awareness & encouraging action

305 events organised by the Climate Pact across all EU Member States, with 23,800+ participants

Pact Community events to build an EU-wide network

EU Climate Action Academy training courses open to all online

Public events and citizen-led group activities on climate issues

Pact Going Local Talks hosted by Pact Ambassadors from the Committee of the Regions

900,000 individual actions reached through the Climate Pact Team challenge on UN Act Now app AWorld

140 satellite events organised by individuals and organisations

3 Sharing tools, ideas & inspiration

6 easy-to-implement tools for citizen engagement in climate action

147 climate action resources available on the knowledge hub

4,250 votes cast in the Climate Pact photo competition. 10 winning inspiring climate actions selected from 300+ entries

13,324,906 total reach of posts using #EUClimatePact

245,365 unique visitors to the revamped website

1,184 media outcomes

8,100 newsletter subscribers

4 Teaming up for bigger impact

Close cooperation with **European Commission Representations** and **Europe Direct Centres** across the EU

Partnerships with **key EU organisations and initiatives**, e.g. Committee of the Regions, the Covenant of Mayors, Adaptation Mission, Cities Mission, Education for Climate Coalition, New European Bauhaus
