EU CLIMATE ACTION: PRIORITIES (2024-29)

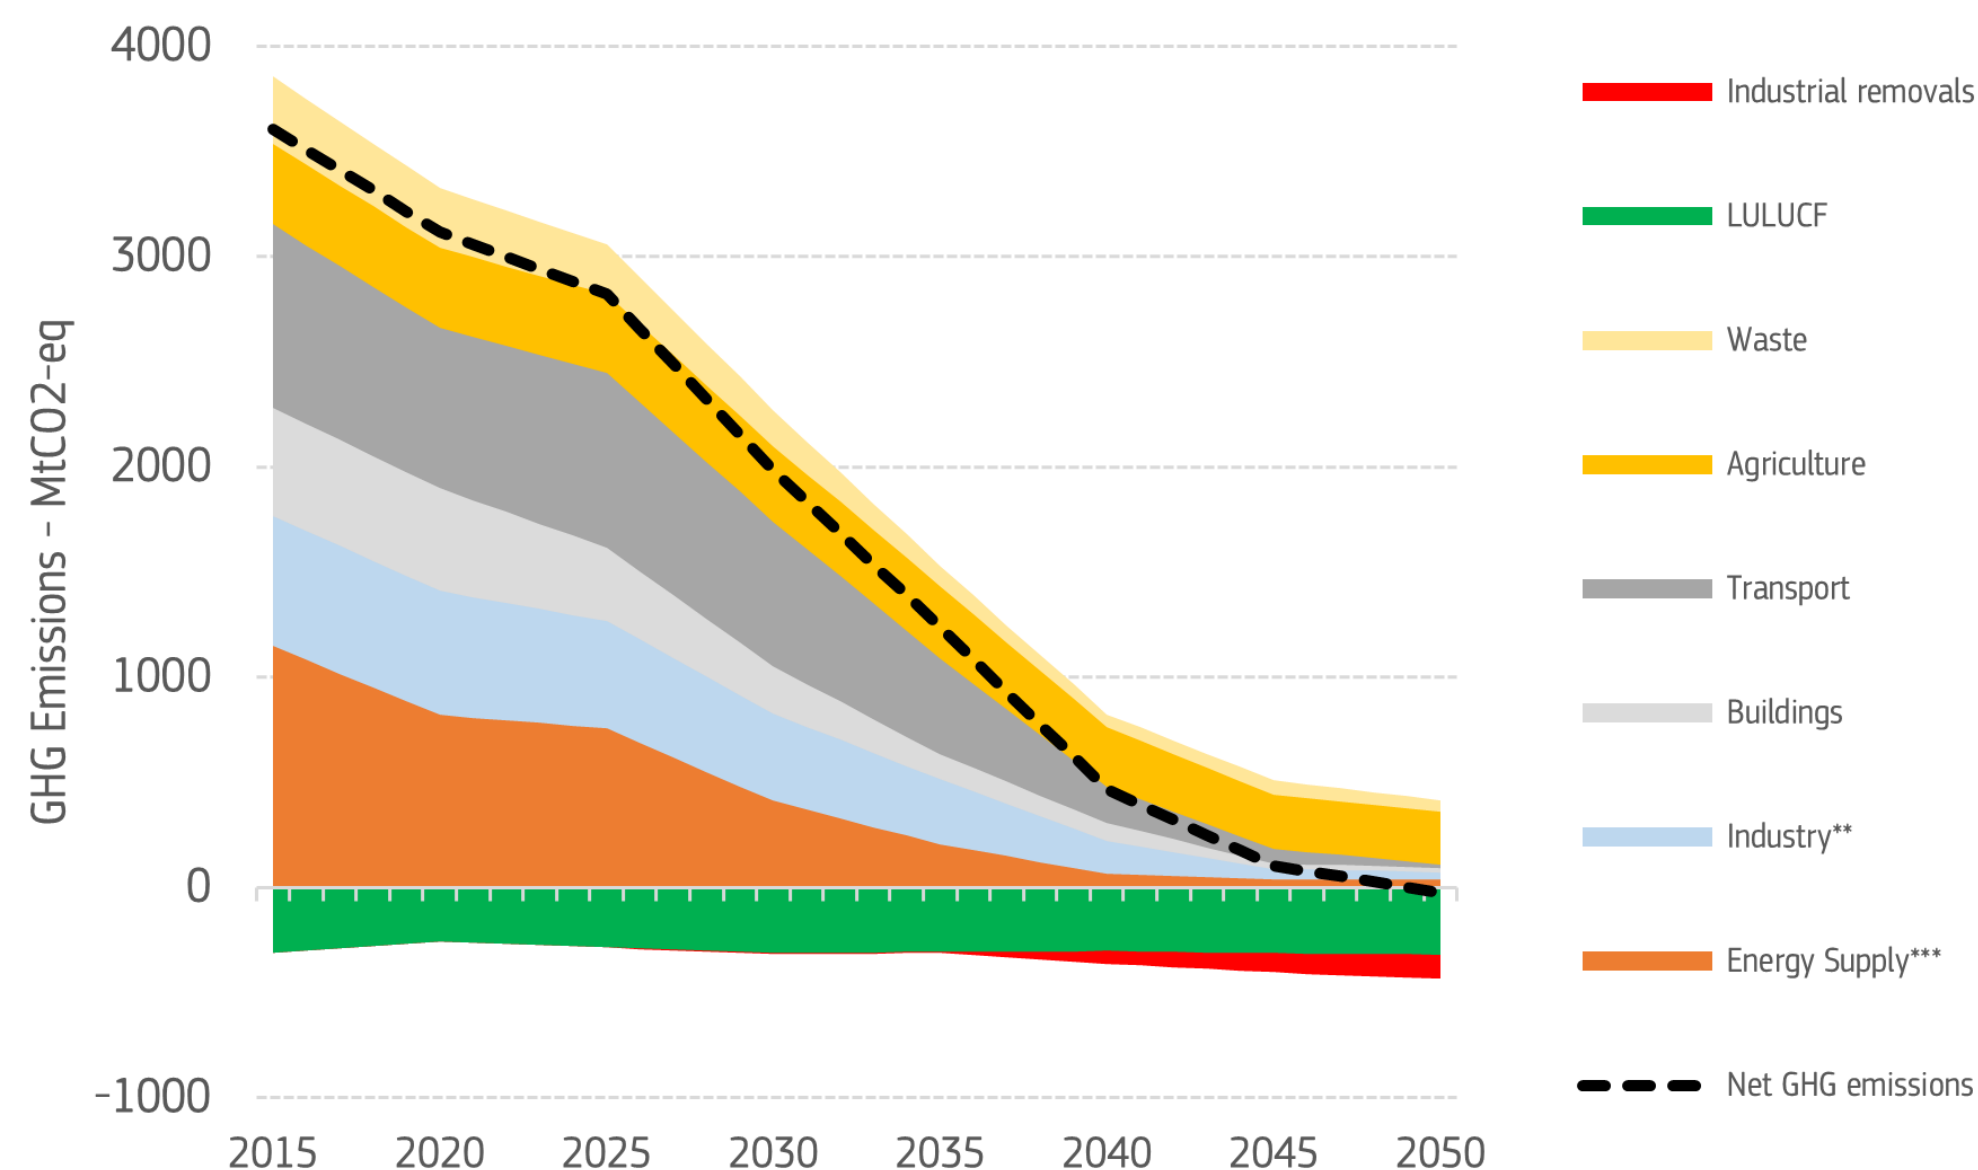

Sustainable prosperity, competitiveness and security – climate policy and action aligned with shifting geostrategic priorities and realities

- Modernise our economy
- Secure competitiveness in the global marketplace
- Build energy independence and strategic autonomy
- Prepare society and the economy for uncertainties
- Improve socio-economic resilience
- Enhance stability and predictability

EU ACTION: TOWARDS CLIMATE NEUTRALITY

Greenhouse gas emissions in the period 2015-2050*

Climate neutrality by 2050: objective set in the EU Climate Law

*Source: PRIMES, GAINS, GLOBIOM

**Excluding non-BECCS industrial removals

***Including Bioenergy with carbon capture and storage (BECCS)

EU'S PATH TO ACHIEVE CLIMATE NEUTRALITY

The European Climate Law sets binding targets for the EU to reduce net GHG emissions by at least 55% by 2030 compared to 1990 levels and reach net zero emissions by 2050.

So far, the EU has achieved steady decreases in emissions since 1990, reaching **-37% by 2023**

EU ACTION: MANAGING CLIMATE RISKS

*“Europe is the **fastest warming continent** in the world, and climate risks are threatening its **energy and food security, ecosystems, infrastructure, water resources, financial stability, and people’s health.**”*

European Climate Risk Assessment, European Environment Agency (11 March 2024)

- A **European Climate Adaptation Plan** planned for 2026
- Protecting from climate hazards – awareness and coordination
- Improving risk management and preparedness at EU and Member State level
- Identification of risk owners across policy spheres to ensure robust action and preparedness – transport, agri-food, energy security, health, industry, etc.

THE EUROPEAN CLIMATE PACT: A COMMUNITY EMPOWERING EU CLIMATE ACTION

#MyWorldOurPlanet

#EUClimatePact

EUROPEAN CLIMATE PACT

As part of the European Green Deal:

- **Raise awareness** of climate issues and EU action
- **Encourage climate action** and catalyse engagement
- **Connect citizens and organisations that act on climate** and help them to learn from each other

“My World. My Action. Our Planet.”

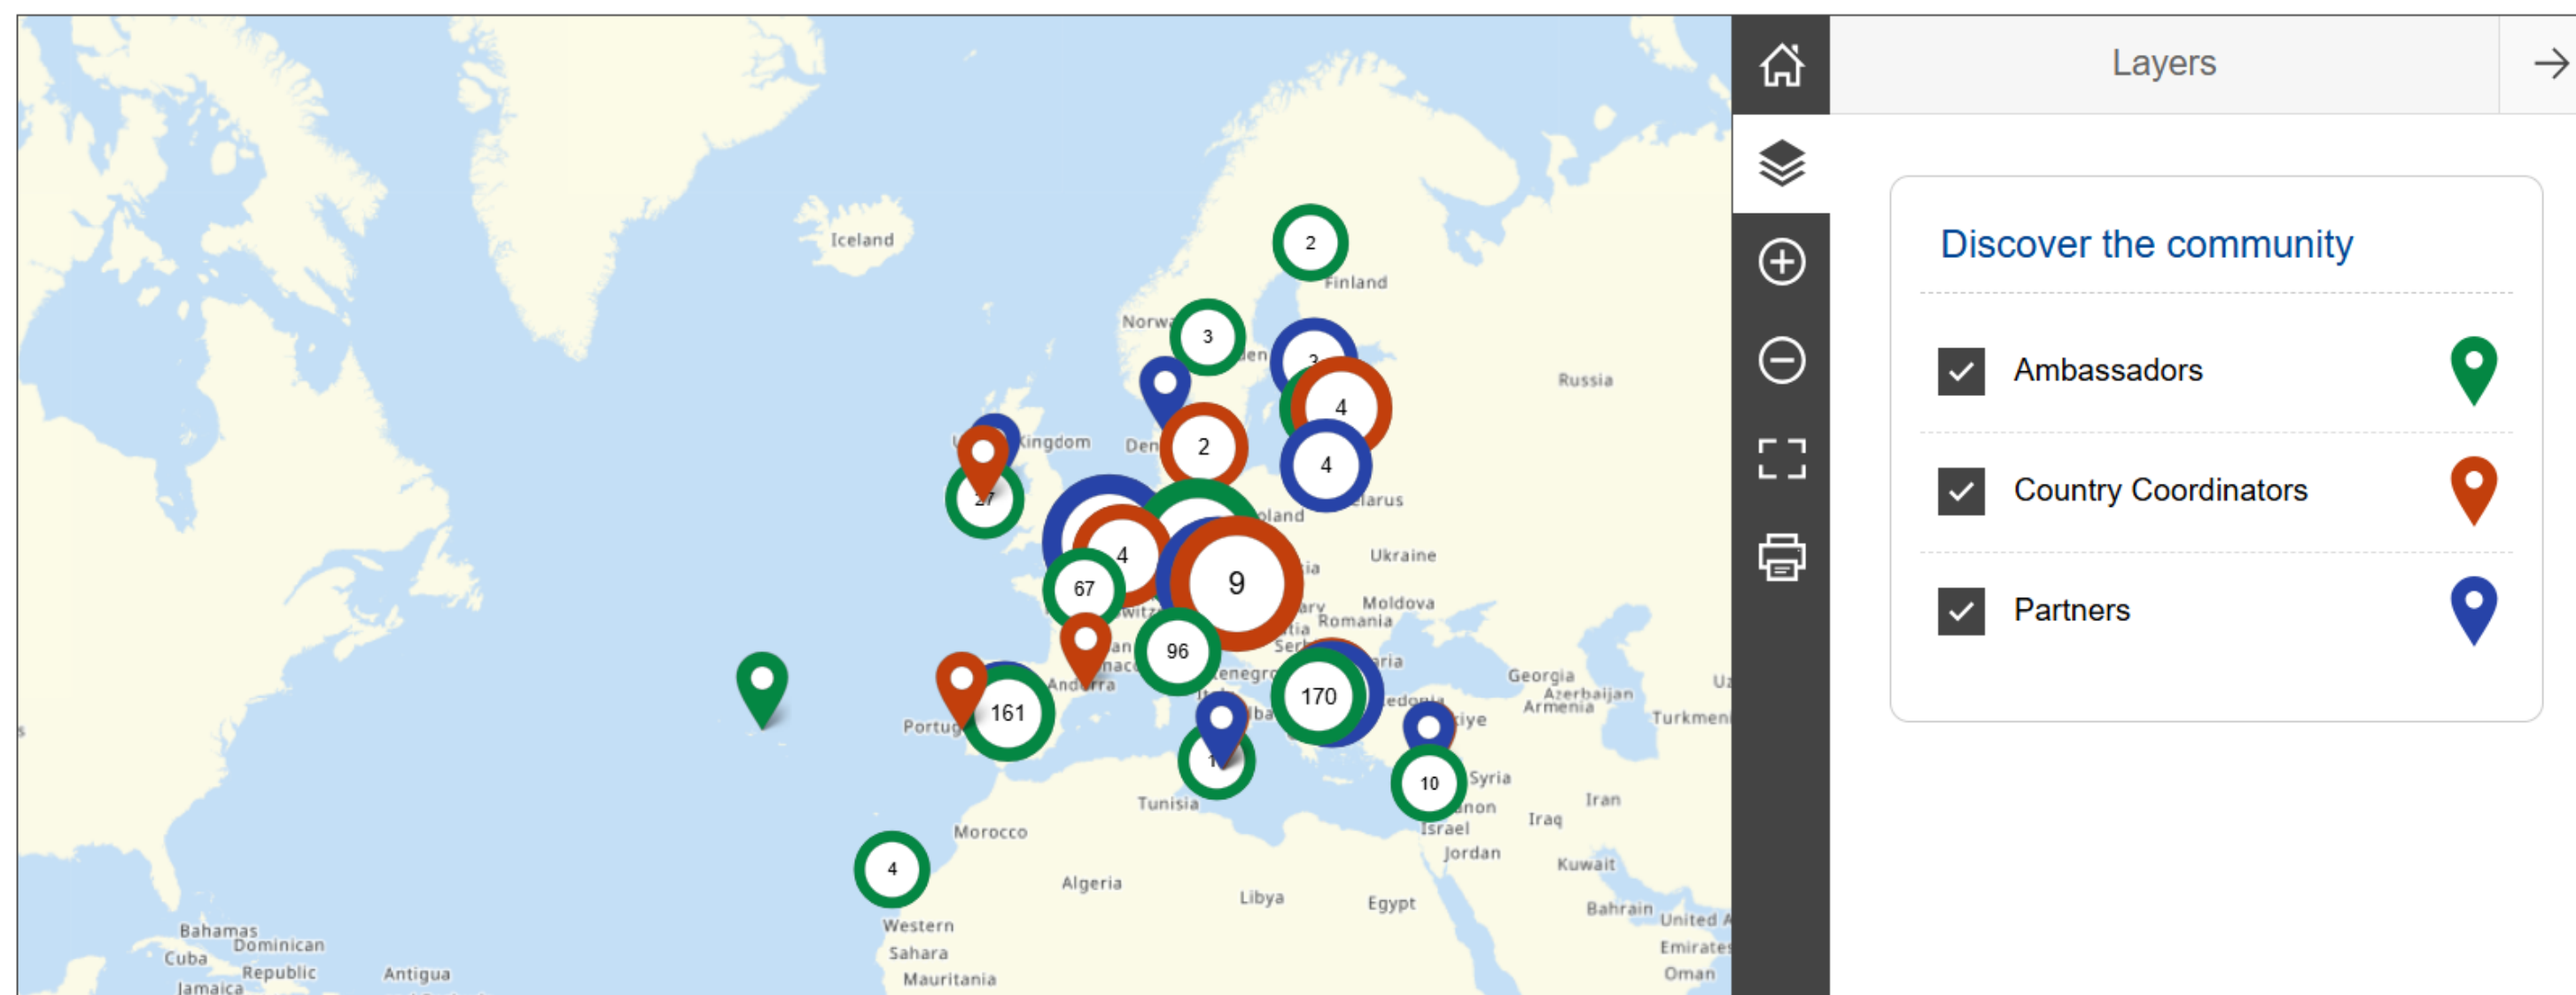

CLIMATE PACT COMMUNITY

- ✓ The **Secretariat** mobilises the Pact community and coordinates at central level
- ✓ Country Coordinators (CCs) and **public relations (PR) agencies** implement activities in all EU Member States
- ✓ Climate Pact Ambassadors inform, inspire and support climate policy and action in their communities (**more than 1000**)
- ✓ Climate Pact Partners are organisations committed to addressing climate change and contributing to a sustainable future. There are currently 48 Partners
- ✓ **Friends of the Pact** are supporters interested in becoming active

INTERACTIVE CLIMATE PACT MAP

Interactive Pact Map: Discover climate action near you

Climate action is buzzing across Europe. Explore the Interactive Pact Map to see what's happening near you and meet the Ambassadors, Partners and Country Coordinators driving change and building a greener Europe.

ACTIVITIES IN EU MEMBER STATES

In every Member State, Country Coordinators (CCs) and PR agencies organise and promote events and activities such as:

- **Citizen engagement activities**
- **National events** gathering the Pact community
- **Capacity development workshops**
- **Learn and share sessions**

ACTIVITIES IN EU MEMBER STATES

On 15 July, the EU Day for the Victims of the Global Climate Crisis, the Pact organized events in different countries.

ACTIVITIES AT EU LEVEL

The Climate Pact Secretariat organises activities to bring together Pact Ambassadors and Partners from across the EU. Some examples are:

- **Climate Pact Annual Event** online and in Brussels
- **Online Community events** exclusive for Climate Pact members
- **EU Climate Action Academy**

AMBASSADORS AND PARTNERS' ACTIVITIES

Pact Ambassadors and partners organise **activities at local level** to drive change and raise awareness: workshops, seminars, debates, social media campaigns...

3. ORGANISE A GROUP ACTIVITY

- Get inspired by the quick and easy-to-implement practical approaches published on the Pact website
- Share the results with the European Climate Pact
- Disseminate your activity and its results and invite others to host!

QUICK-START TOOLS FOR CITIZEN ENGAGEMENT

Climate Walk

Guided tours in local neighbourhoods to showcase sustainable practices and initiatives supporting the green transition.

Photo Story

Photography workshops where participants capture and reflect on climate issues and solutions. The outputs can influence decision-making and drive change.

Local Climate Action Group

A group of people working towards a shared goal, such as creating a communal garden, a repair cafe or a local energy community.

Peer Parliament

Discussions on how the transition to climate neutrality can work in practice in our everyday lives and what policies should be put in place to encourage us going forward.

Climate games

Fun activity, sport or game to attract people's attention and help them learn and engage in climate action. Initiate a discussion on individual climate action.

Sustainable potluck meal

A group of people sharing a healthy and sustainable potluck meal. Encourage people to taste and learn to prepare seasonal, local and plant-based dishes.
